Comments:

Please use the attached plan set marked APPROVED 12/15/2021 for construction of the OWTS. Contact the Design Engineer with questions or modifications during construction. The OWTS must be visually inspected by San Miguel County and by the Design PE prior to backfilling. Please notify the Site Inspector at 970-728-3923 72 hours in advance for final inspection of the OWTS. Permit is not Completed before all fees are paid and the Record Letter and Record Drawing are approved.

Plans and specifications given above are approved for installation:
