INFORMATION FOR AN EXTENSION OF THE EXPIRATION DATE OF A WELL PERMIT

Applications must be computer generated online, typewritten, or printed in BLACK or BLUE INK. This form may be reproduced by photocopying. Reproductions must retain margins and print quality of the original form. Incomplete applications may be returned to the applicant for more information. Completed forms can be emailed to: dwrpermitsonline@state.co.us For additional information regarding form submittal and the payment process, see the Quick Start Guide on the eForms Dashboard at: dwr.state.co.us/eforms

Be sure to include the well permit number in the space provided at the top of the form.

FEES: Fees are nonrefundable. The filing fee for well permit extension requests varies depending on the statute used to issue the permit. The statute used to issue the permit can be found in the permit's conditions of approval. Below, please find the statute your well permit was issued under to determine the appropriate filing fee, and for additional information.

1. **CRS 37-92-602 or CRS 37-90-105:** The permit to construct a well is valid for a two-year period. A request for extension is required when the well will not be constructed by the permit expiration date. Successive one-year extensions to construct the well may be granted for good cause shown. Pumping equipment does not have to be installed in the well prior to the permit expiration date. This extension request form must be completed and received by the Division of Water Resources prior to the permit expiration date. **There is no filing fee.** Refer to CRS 37-92-602(3)(d) or CRS 37-90-105(3)(e), respectively.
2. **CRS 37-90-137:** The permit to construct a well and install pumping equipment is valid for a one-year period. A one-time, one-year extension may be granted for good cause shown in order to construct a well and/or install pumping equipment. This extension request form must be completed and received by the Division of Water Resources with a **\$60 filing fee** prior to the permit expiration date. Once the well is constructed and/or pumping equipment is installed, and prior to the expiration date, a completed Well Construction and Test Report (Form No. GWS-31) and/or a completed Pump Installation and Test Report (Form No. GWS-32) must be received by the Division of Water Resources. Refer to CRS 37-90-137(3)(a)(I).
3. **CRS 37-90-107 or CRS 37-90-107(7):** The permit to construct a well inside Designated Groundwater Basins is valid for a one-year period. A one-time, one-year extension of the expiration date may be granted, for good cause shown, in order to construct the well. This extension request form must be completed and received by the Division of Water Resources with a \$60 filing fee prior to the permit expiration date. Refer to CRS 37-90-108(1)(c).
4. **CRS 37-90.5-106:** The permit to construct a geothermal resource exploration, production, or re-injection well is valid for a one-year period. Successive one-year extensions of the expiration date may be granted in order to construct the well. This completed form requesting an extension of the expiration date, including a **\$200 filing fee** must be received by DWR prior to the expiration date. Refer to the Geothermal Rules, 2 CCR 402-10 (Rule 6).
5. The individual signing the application or entering their name (and title if applicable) must be the applicant or an officer of the corporation/company/agency identified as the applicant or their attorney. An authorized agent may also sign or enter their name on the application if a letter signed by the applicant or their attorney is submitted with the application authorizing that agent to sign or enter their name on the applicant's behalf. The completed form may be emailed to dwrpermitsonline@state.co.us If the form requires payment of a fee, you will receive a response by email with an invoice and directions how to submit payment online via eCheck or credit/debit card (Visa, MasterCard, American Express, or Discover card).

IF YOU HAVE ANY QUESTIONS regarding any item on the application form, you can call the Division of Water Resources Groundwater Information Desk (303-866-3587), or the nearest Division of Water Resources Field Office located in Greeley (970-352-8712), Pueblo (719-542-3368), Alamosa (719-589-6683), Montrose (970-249-6622), Glenwood Springs (970-945-5665), Steamboat Springs (970-879-0272), or Durango (970-247-1845), or refer to the CDWR web site at dwr.colorado.gov for general information.
